

Designed by Christophe Pillet the DUNAS XL collection represents the essence of seating for waiting areas or lounges. The collection is made up of spacious comfortable seating, available in two backrest heights which can be combined with either swivel or fixed bases. Its enveloping contours along with a refined design of sophisticated, stylish and sleek lines find their place in cozy, contemporary spaces where someone can comfortably wait, converse or simply relax.

---

**DESIGNER: Christophe Pillet**

Christophe Pillet graduated from the Decorative Arts School in Nice in 1985, Master of Domus Academy Milano, in 1986. He worked with Martine Bedin in Milano from 1986 to 1988 and cooperated with Philippe Starck, in Paris, from 1988 to 1993. Since 1993, he manages his own design agency. Pillet was elected as "Créateur de l'année 1994". During his career he has published many articles on the most important magazines of the world. Lucidity of expression and the search for simplicity are the key principles: in the work of Christophe Pillet the elegance is optimized. Pillet's perfect command of sensuality and refinement has made him one of the rare French designers who have gained global recognition designing hotels, boutiques and directing artistic projects in Europe, USA, and Japan. He has won international acclaim for the spectrum and quality of his creations. Architecture objects, furniture, artistic direction, his signature is invariably associated with the best furniture companies and with the finest luxury brands: Trussardi, Lacoste, Moët et Chandon, Veuve Clicquot, Lancome, Shiseido, l'Oréal, JC Jitrois, Catherine Malandrino, Lancel, Le Tanneur International... The scope and the variety of his projects share a common attitude, independent of scale. Whether it be as design director for renowned fashion brands, or in longterm collaborations with first class furniture brands, his considered interpretations are a testo high-voltage chic, distinguished both by its precision and rigor. If a "Pillet style" exists, it is in his ability to crystallize, within a project, the excitement of a proposition.

## BODY

The body is made out of an inner steel frame covered with high density and resilience CMHR mould-injected polyurethane foam. It is available in two heights.

**Upholstery:** Available in any of the leathers or fabrics of the INCLASS swatch cards and also with fabrics supplied or specified by the customer.

## BASES

### Aluminum swivel base with four spokes:

Exclusive design manufactured in die cast aluminum. The aluminum base is available in a polished finish or painted with thermoset polyester paint in any of the colours of the INCLASS swatch cards or in chrome. The base has a steel swivel mechanism incorporated. Each radius of the star base has adjustable glides.

### Rod base:

Manufactured with 12mm solid steel rod. It is finished with thermoset polyester paint in any of the colours of the INCLASS swatch cards or in chrome.
